Mr. Ben Philipson  
Curatronic Ltd.

Subject: Curatron system in clinical use on day to day basis.

I herewith would like to respond to your question, with respect to the results we obtain out of use of the Curatron system.

I hereby convey to you that the Curatron has opened up a new world for us. What started out as a careful evaluation became indeed a substantial dependence on the system.

During the last 3 months we have treated hundreds of patients and they have greatly benefited from the Curatron system.

I would even say, that in case the Curatron would not be available at our therapy center, this will cause serious damage and disappointment to many patients, who have become dependent on this important therapy system.

With the help of the Curatron we witness the cure of inflammations, improved fracture healing, decrease of rheumatic pains and pain in general, in a much shorter time than with any other therapy.

I will certainly recommend the use of the Curatron system whenever I will be requested in doing so.

Sincerely yours,

Izick Friedman, Msc, PT  
Director of the Functional Therapy Center
